

## **Character Guide:**

**Miss Olive:** Young, appealing to kids, tries to roll with the punches and steer kids back to the lesson.

**Hudson:** Smart, introverted but he has a great sense of humor.

**Archie:** Kind of smart-alecky; smart when he wants to be, sometimes riffs with Hudson.

**Lilly:** A girl with crazy looking hair like she just got out of bed. Always wears the same clothes. Big T-shirt and shorts. (She has sensory processing disorder.) She's wildly imaginative and smart. She's sometimes crude and oblivious to how she affects others. Hudson and Archie like her but they accept her like Phinny and Hattie, as if she's more animal than human.

**Phinny:** Our slightly slow, but always mischievous and wise-cracking fennec fox; with a Brooklyn/Queens accent and tremendous charisma.

**Hattie:** the super smart, slightly haughty, bit of a goodie two-shoes hummingbird; with an upper class English accent. She and Phinny get into it in every class.
